G. O. P. PLATFORM IS ATTACKED, BEING A JUNGLE OF AMBIGUITIES

Senator J. T. Robinson Assails
Every Angle of Republican's
Platform—Says it is Unfair

LAUDS THE DEMOCRAT'S

Praises Them For "Legislative
Achievements as Well as For
Honesty and Efficiency"

San Francisco, Calif., June 29.—
In his speech this afternoon ac-
cepting the permanent chairman-
ship of the democratic national
convention, Senator Joseph T. Rob-
inson, of Arkansas vigorously as-
sailed the republican platform de-
claring that:

"It is a jungle of ambiguities, in-
consistencies, evasions, misrep-
resentation straddlers and slanders."

"The republican convention should
have displayed its courage clearly
to declare its policies but it was
frank only on one subject; namely
the singing of a hymn in honor of
the president."

"The platform is deliberately un-
fair in charges against the demo-
cratic administration on responses
for military unpreparedness."

"Devoting his attention first to
the charge of military unprepared-
ness, Senator Robinson said:

"Everyone knows that the repu-
blican party controlled the govern-
ment for a long period prior to the
inauguration of President Wilson,
excepting a short time when the
democrats held a majority in one
branch of congress."

"His criticism of the pre war na-
tional policies as to military pre-
paredness is justifiable but the cen-
sure must fall upon the republican
party. That party can not escape
the consequence of its cost or win
favor by falsifying well known
facts of history."

With regard to the republican
claim of the policies of economy,
the senator declared that the "ob-
servances of this boast is discolored
by the fact that one billion dollars
in excess of the amount appropri-
ated by the democratic congress in
1916 has been authorized for the
coming fiscal year."

The republican plank regarding
taxes is characterized as a mani-
fest insincerity and regarding the
tariff he observed, the platform em-
braces no more amusement pleasure
than there is necessities or justifi-
cations for the revision of the tar-
iff."

"A big joker" was his character-
ization of the plank concerning pro-
tection.

Senator Robinson severely criti-
cized the republicans because of the
use of money in the recent pre-con-
vention campaign.

Along lines similar to those fol-
lowed by Chairman Cummings in
his keynote speech yesterday, Sen-
ator Robinson lauded the demo-
cratic administration for "its legisla-
tive achievements as well as for its
honesty and efficiency."

San Francisco, Calif., June 29.—
The republican party platform is
entirely "crooked in principle" upon
which intelligent, forward looking
people can express themselves, Sam-
uel Gompers president of the Amer-
ican federation of labor declared to-
day, in presenting to the rules com-
mittee of the democratic national
convention the demands of organi-
zed labor.

Gompers denounced the republi-
cans as "wholly reactionary." He
warned the democrats that already
the enemies of the party have start-
ed propaganda of abuse against la-
bor and the democratic party.

Gompers played the national as-
sociation of manufacturers charging
it has a "slyly" record.

"They call themselves manufac-
turers but they are manufacturers
of libel," said Gompers declaring
that the manufacturers association
had spread propaganda against him
and organized labor.

"With their record," he said, "they
are in a poor position to call law-
breaking socialists and bol-
shevists."

LEGION PICKS WABASH

Closing Day of State Convention
Shows Contests For Offices

(By United Press.)
Vincennes, Ind., June 29.—Wabash today was selected as the 1921 convention city of the Indiana department of the American Legion at the closing session of the state convention here.

In an effort to clear up the elec-
tion of officers and other business
matters before adjournment today
the convention continued in session
through the luncheon hour. There
were hot contests between various
delegates over the election of offi-
cers.

WILSON FORCES HAVE THE FLOOR

Administration is Well Represented
With Senator Glass, Secretary
Colby and Sen. Robinson

CROWDS CHEERS WILSON

It is Decided to Place Candidates in
Nomination While Platform is
Being Considered

(By United Press.)
San Francisco, June 29.—The se-
cond day of the Democratic conven-
tion seemed to be in full swing of
the administration forces, with Sen-
ator Glass of Virginia as chairman
of the resolutions committee, Bain-
bridge Colby, secretary of state sits
as representative of President Wil-
son, and with Joseph T. Robinson,
a staunch supporter of the admin-
istration, as being the permanent
chairman.

Bishop William F. Nichols, of the
Episcopal church, California dioc-
ese offered the following prayer at
the opening of the convention to-
day:

"Oh, Lord, today amid our mo-
mentous American issues we pause
in a hush of reverence to ask Thy
voice to come to this great repre-
sentative gathering and to enable it
to interpret the voice of the people
as the voice of God. Voice into the
heart and conscience of every one
present the realization of Thy right-
eousness as the exaltation of every
nation and every party: voice Thy
guidance until the issues and poli-
cies of every platform that it may
formulate far seeing welfare for
the nation. Voice candor in every
candidate for high minded and pa-
triotic principles. Voice in every
utterance and vote the still small
voice of compelling conscience."

Behold and bless Thy servant,
the president of the U. S. in all au-
thority. And keep ever before this
convention and our country the
vision and aim of that first president
of our broad American democracy
as phrased by George Washington.

The restoration of order and our
ancient virtues—the extension of
genuine religion—and the conse-
quent advancement of our respecta-
bility abroad and of our substantial
happiness at home.

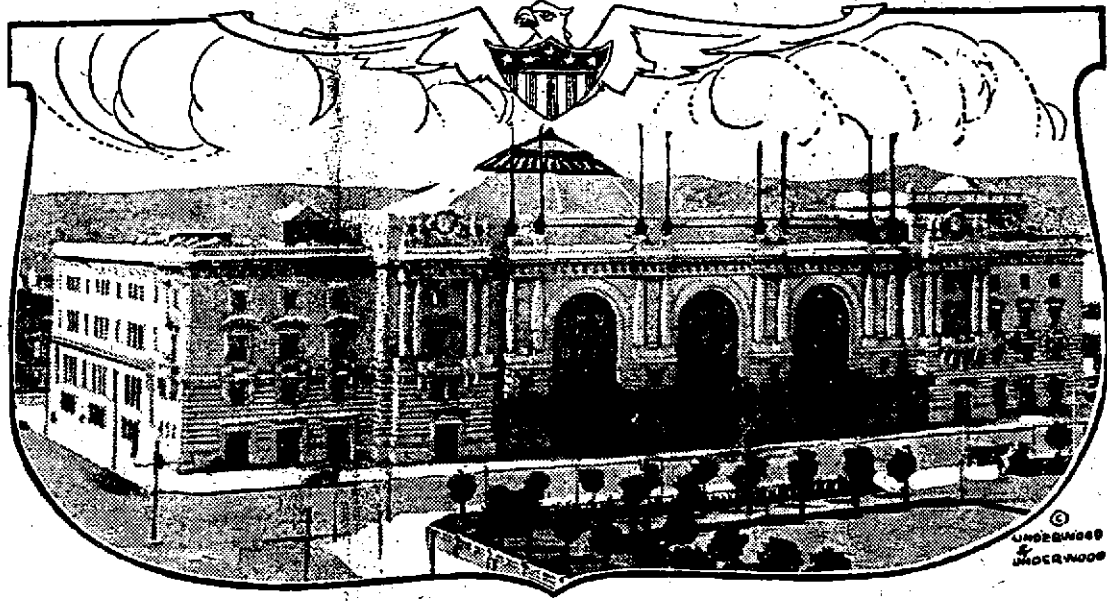

All of which we ask for Jesus
sake. Amen.

By unanimous action it decided
that the various candidates may be
placed in nomination while the plat-
form deliberations are going on, but
no balloting for a nominee may be
conducted until after the platform
has been brought, perfected, and
adopted. This action will simplify
and hasten the work of the conven-
tion very much. Thomas J. Spellacy
of Connecticut, was chosen chair-
man of the rules committee.

From the dramatic moment yester-
day when a portrait of President
Wilson was unveiled in the great
convention auditorium to let loose a
storm of tribute and approbation
from the floor, there seemed little
chance for those who has set them-
selves in opposition.

ANNUAL S. A. PICNIC JULY 20

Place Where it Will be Held to be
Announced Later

The annual outing for the poor
children of the city given under the
auspices of the Salvation Army will
be held on Tuesday, July 20. The
picnic will not be held on as large a
scale as it was last year due to the
slow progress of the Salvation Army
fund campaign, but Capt. Tench of
the local branch of the Army stated
this morning that they will accom-
modate as many of the children as
possible. The regular picnic re-
freshments such as ice cream and
lemonade will be served to the child-
ren. Committees will be appointed
later to have charge of the affair
and the place where it will be held
will also be announced later.

IND. GRAIN PRODUCERS MEET IN INDIANAPOLIS

Session Will End Tonight After
Each District Elects a Mem-
ber to Grain Committee

MANY PROMINENT SPEAKERS

Grain producers from virtually
every county in Indiana, including
Rush, met in Indianapolis yester-
day at the Claypool hotel for a two-
day conference on the car shortage
and the difficulties of financing the
wheat and oats crops. The meeting
was called by John G. Brown, pre-
sident of the Indiana Federation of
Farmers' associations.

Speakers will include E. L. Lewis
and John W. Cardle, members of
the Indiana public service commis-
sion, and Andrew Smith, secretary
of the Indiana Bankers' Associa-
tion. A round table discussion of
grain problem will follow the ad-
dresses.

At the meeting each of the 10
districts of the federation will elect
a member of a permanent grain
committee. Live stock wool grow-
ers' and tomato producers' commit-
tees already have been established
by the federation.

Those who were to speak at the
meeting are Russel G. East, county
agricultural agent, Shelbyville, Ind.;
W. A. Ostrander, Purdue agricul-
tural extension department, Lafayette,
Ind.; Andrew Smith, secretary
of the Indiana Bankers' association,
Indianapolis.

QUARANTINE IS LIFTED

The Misses Rena and Retha Brad-
burn who have been ill for several
weeks with scarlet fever, have re-
covered, and the quarantine has
been lifted at their home.

ADDRESSES ROTARY CLUBS

The Rushville Rotary Club held
their regular weekly luncheon to-
day, and the Rev. C. M. Yocum of
St. Louis, formerly of Cincinnati
and this city, spoke to the members
in an interesting address.

Frank Priest will visit friends in
Shelbyville tonight.

PEOPLE ARE WILLINGLY SIGNING PETITIONS

Canvassers For Signatures For New
Memorial Building Are Meeting
With Great Success

HANCOCK SECURES BUILDING

Several more petitions that are
being circulated in the county by
members of the local post of the
American Legion, have been turned
into headquarters, and each petition
that has been completed, shows that
the people are behind the movement
and are in favor of the county
commissioners appropriating money
for the erection of a memorial build-
ing or a community house, in honor
of the service men that participated
in the World War.

It may be of interest here, to
know that the Hancock county com-
missioners granted the petition that
was filed with them last Saturday,
and appropriated \$75,000 for a
new building in that city. The cam-
paign carried on there was similar
to the one being conducted here.

Several months ago petitions were
started but no systematic methods
were used, and last week Rush
Post 150, decided to carry on a
new campaign, and appointed 52
chairmen to cover small sections of
territory in the county. The peti-
tions are urged to be obtained
promptly so that all of them may
be presented to the county commis-
sioners when they meet on July 6.

SEAT EXCHANGE WILL OPEN IN THE MORNING

Tickets For "Katcha-Koo" Must be
Exchanged For Reserved Seats
After Ten O'clock

DRESS REHEARSAL IS HELD

The first complete dress rehearsal
of "Katcha-Koo" was held last
night at the Graham Annex, and
every scene was enacted perfectly
which insures success for the two
performances that will be given the
first on Thursday and the second on
Friday night.

The seat exchange will be opened
in the morning at ten o'clock at
Pitman and Wilson's drug store, and
all people holding the admission
tickets must exchange them after
ten o'clock for reserved seats for
the night that they desire to attend.

It has been pointed out that no
cash sales will be made at the drug
store until all of the tickets have
been exchanged. In exchanging these
tickets it will be necessary to pay a
ten per cent war tax, and this fact
must not be overlooked when call-
ing for the seats.

The show promises to be a rare
treat, as over 250 local people have
a part in it. The show is being
given under the auspices of the Tri
Kappa and Psi Iota Xi sororities,
and the proceeds will go to the
Board of Children's Guardians a
worthy cause.

SERVES AS A GOOD TONIC

Convention News Puts President
on Well List Again

(By United Press.)

Washington, June 29.—President
Wilson today was described as
"highly pleased" over the result of
the first day of the democratic con-
vention.

One official at the white house
said the convention news was the
best tonic the president has had
since his illness.

The story of the convention was
received over a United Press leased
wire running into the White House
and carried to the president. Copies
were made for other officials also
and throughout the day little groups
sat in the executive office reading
the United Press dispatches.

ROBERT GARDNER DIED EARLY LAST NIGHT

Was a Resident of County His En-
tire Life and Was a Prominent
Farmer of Walker Township

SUFFERED STROKE RECENTLY

Robert M. Gardner, age 65 years
died at 6:30 last night at his home
southwest of Rushville following a
stroke of paralysis that he suffered
a few days ago. The deceased has
been a resident of Rush county his
entire life having spent the greater
part of it on his farm in Walker
township.

He is survived by the widow and
two sons, William Gardner of near
Knights town and Clem Gardner of
near Homer and is also survived by
one sister Mrs. Ina Miller also of
that community and a half brother,
Rue Mahan also of Walker Town-
ship.

He was a member of the Baptist
church of Homer and the funeral
services will be held at the home
Wednesday afternoon at two o'clock
and burial will be made in the East
Hill cemetery. Rev. L. E. Brown
of the Main Street Christian church
of this city will have charge of the
services.

GAS EXPLOSION KILLS 3

Lodging House is Wrecked in Buf-
falo Today With Heavy Toll

Buffalo, N. Y., June 29.—Three
persons are dead, 11 injured, and 12
missing as the result of the col-
lapse of a lodging house here to-
day.

An explosion of gas on the sec-
ond floor of the four story struc-
ture is believed to have caused the
accident. All but one wall and a
small part of the roof fell. Little
hope is held out for those still
buried in the ruins.

WOMAN 95 YEARS OLD TESTIFIES

Mrs. Isaac Vanduyne of Hancock
County is Witness in Guardian-
ship Case in Court Today.

WILL FINISH LATE TODAY

Two Posey Township Men Arraigned
on Grand Jury Indictment
Charged With Intoxication

The guardianship case of Allison
against Vanduyne which started in
circuit court yesterday morning,
was still in progress today, but was
expected to finish this afternoon.
The plaintiff in the case is Foy Al-
lison, guardian, and the defendant
is Oren Vanduyne, and was sent
here on a change of venue from
Henry county. The parties impli-
cated in the case are residents of
Hancock county.

This morning Mrs. Isaac Vanduyne,
aged 95 years, was on the
witness stand, and because of her
advanced age and infirmities, the
court was conducted on the first
floor in the sheriff's office, while her
testimony was being obtained.

Morton Campbell and A. G. Shauck
two Posey township men were ar-
raigned before Judge Sparks late
yesterday afternoon and pleaded
guilty to the charge of public intox-
ication, each paying a fine of a dol-
lar and costs. These arrests com-
prise two of the recent grand jury
indictments, and the third arrest on
the other indictment is expected
some time this week.

Viola Westover this morning filed
suit against Charles E. Westover, on
a petition to restore sanity. Last
year the defendant was found to be
a person of unsound mind by the
court, and the petition filed today
states that he has now regained
his sanity, and is capable of manag-
ing his affairs.

A motion for a new trial was
filed this morning in the case of Os-
car H. Rees against Jesse Stout on
a complaint for breach of warranty.
On June 22 judgment was found
for the plaintiff in the sum of \$200
and the motion this morning asks
for a new trial so that the case may
be heard again.

The case of Max Dalmbert
against Frank Adams was received
this morning in the circuit court,
being sent here on a change of
venue from Greensburg. The case
is a complaint for possession de-
manding \$50 judgment.

Circuit court will close Saturday
for the summer vacation, and will
not re-convene until the second
week in September.

WERE IN AN AUTOMOBILE

Newcastle, Ind., June 29.—Four
masked men entered the bank in
Carlos City, twenty miles northeast
of here in Randolph county this
morning at nine o'clock and com-
pelled the bankers to hand over \$8-
000 in cash and securities.

The bank had just opened for
business this morning, and only two
of the employees were in the build-
ing, when the four men entered. The
two employees, after giving out the
money, were then locked in the
vault and the masked men escaped.

The men stopped in front of the
bank in a Hudson touring car bear-
ing an Ohio license, and just what
direction they took from the town
is not known.

Isom Stevens has purchased the
Dr. H. V. Logan farm east of this
city for \$238, per acre. The farm
consists of 125 acres and is con-
sidered to be one of the best farms in
this county.

LIEUT. COL. ROOSEVELT
QUITS MARINE CORPS

Cousin of Former President Resigns
Commission in Marine Corps to
Take Position With Oil Concern

SAW MUCH SERVICE IN WAR

Washington, D. C., June 29.—Lieut. Col. Henry Latrobe Roosevelt resigned his commission in the Marine Corps today to accept an important executive position with an oil concern in the Oklahoma field. Colonel Roosevelt is a cousin of the former President Theodore Roosevelt and of also Assistant Secretary Franklin D. Roosevelt of the Navy Department. Like his distinguished kin-man he was known to the Marine Corps as Teddy. He entered the Corps in December, 1899, after having served as a naval cadet at sea in the Spanish American War, and was in charge of the construction of the cantonment at Quantico, Va., in the World War and served there as Post Quartermaster. His service in the Corps comprised duty in the Philippines, Panama, Cuba and Haiti. In August, 1914, he was ordered to France and attached to the American Embassy in connection with the relief of American citizens who were caught in the web of the war's sudden outbreak.

Once a Republican, Now Seeks
the Democratic Presidency

From a Republican and a Roosevelt Progressive to an ardent Democrat, Bainbridge Colby, Secretary of State, stands out today as the champion of Woodrow Wilson in the fight for acceptance of League of Nations covenant without the "dotting of the i's."

Colby's appointment as Secretary of State came as a climax to the many surprises that have revolved around him during a kaleidoscopic political career. President Wilson is reported to have decided on his Secretary of State as his choice for Democratic nomination. The President is understood to believe that Colby has held and still holds so far his international ideals, and would carry the fight for them into the political arena.

Bainbridge Colby was born in St. Louis on December 22, 1869, the son of John Peck and Frances Bainbridge Colby. He took the A. B. degree at Williams College in 1890, and studied law one year at Columbia Law School, winning the degree of LL. B. Since then the LL. B. degree has been conferred on him by Ohio Northern University in 1914, Moore's Hill College, Ind., also in 1914, and Lincoln Memorial University in 1917. He opened the practice of law in New York in 1892, and married Miss Nathalie Sedgwick of Stockbridge, Mass., in 1895.

Colby has been successively a Republican, a Progressive and an enthusiastic follower of President Wilson. He was classed as an "independent" during debate in the senate in 1917 on the question of confirmation of his appointment as vice-president of the shipping board.

Two of the personal beliefs that Colby has held and still holds so far as known are likely to have an important bearing on his possible candidacy for President. These are on the questions of prohibition and freedom for Ireland. He is said to be vigorously opposed to prohibition. In a speech in New York shortly before his nomination as Secretary of State, Colby praised the New Jersey legislature for taking steps to allow 4 percent beer.

Before his nomination as Secretary of State, Colby openly championed the Irish cause.

Colby is fond of telling that one of his earliest legal clients was Samuel L. Clemens, the "Mark Twain" of letters. He represented Mark Twain in the settlement of the affairs of the author's publishing house, Charles L. Webster and Company. He also was counsel for interests which brought about reforms in the Equitable Life Assurance Society.

In 1902 at the age of 32 Colby was elected to the New York assembly by what was said to have been the

largest vote ever polled by a candidate in the Twenty-ninth assembly district of New York. Colby supported Roosevelt when the latter bolted the Republican party. He ran as a Progressive for the United States senate in 1914, but was defeated. He severely criticized President Wilson while a member of this party, especially in the Panama tolls controversy. While he was active in Roosevelt's presidential campaign in 1912, Colby refused to follow the Colonel when he returned to the ranks of the Republicans and supported Charles E. Hughes.

Colby then began to lean towards the Democratic party, and was appointed to the shipping board by President Wilson. He made stump speeches in support of President Wilson's position in the congressional campaign, when the President made an appeal for the return of a Democratic congress. Colby was a member of the mission of Colonel House to the Inter-Allied conference at Paris, and he was said to be very close to House. In Paris, he devoted his attention to shipping problems. As a member of the shipping board, Colby vigorously opposed the alleged effort of British shipping interests to obtain control of former vessels of the International Mercantile Marine, a British concern that had been put under American registry.

Since his resignation from the shipping board in March, 1919, to return to his law practice in New York Colby continued to be much in the public eye, chiefly as an opponent of prohibition. He was chairman of the Independent Non-partisan Judiciary committee which campaigned for the re-election of Justice Newburger as against Irwin. However, the Tammany candidate

"The Iron Heart" Tomorrow

"The Iron Heart," a new William Fox photodrama starring Madeline Travers, will be shown at the Myrtis Theatre Wednesday. The action of the play is said to be intensely dramatic. The story revolves about the courage of a young woman who undertakes management of a big steel plant left to her by her father, a philanthropist, who had built up a wonderful morale among his employees.

In "The Iron Heart," according to report, the most modern ideas as industrial institutions have been worked out the story thereby carrying a great message to humanity.

With Miss Travers in the cast are George McDaniel, Edwin Booth Tilton, Melbourne McDowell and Ben Deely. Denison Clift, the well-known director, figures also as author of "The Iron Heart."

"The Brat" to-be Shown Again

Nazimova, the phenomenal Russian artist, in her latest screen production, "The Brat," will be the attraction par excellence at the Princess theater again tonight.

In "The Brat" Nazimova will be presented in the dual guise of star and dramatist, for it was she, in collaboration with Charles Bryant, who adapted Maude Fulton's sensational stage success for her own use in the name role. June Mathis wrote the scenario and Herbert Blache directed the production under personal supervision of Maxwell Karger, director general.

"The Brat" will show Nazimova for the first time in her brilliant career, in the part of an American girl. Latin and other foreign types had been considered Nazimova's milieu; but she is said to amaze even her warmest admirers by her remarkable impersonation of the nameless waif of the streets around whom the dramatic action of "The Brat" revolves.

Tomorrow night the feature attraction will be "The Desperate Hero," a Selznick Picture starring Owen Moore. The picture has a wealth of amusing incidents and the star makes the most of them. The plot is original and full of action.

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

What Kills A Storage Battery

IF YOU let a windmill tank become nearly empty repeatedly the staves will soon fall to pieces. Exhausting a storage battery below the danger point repeatedly has a similar effect on the battery plates. A Matthews plan does not permit this. Long before they are exhausted, the "Automatic Care-taker" automatically starts the generator recharging and stops it automatically when the batteries are full.

Population of the U. S.

Mrs. J. A. Hill, chief, statistician of the Census department, estimates that the population of continental United States is 105,000,000 an increase of 13,000,000 since 1910. The estimate is made on the basis of official figures for more than a thousand principal cities in various parts of the country. The final count, which will not be made for several months, may be widely different.

The estimate would indicate that the United States has not made the same percentage of gain during the last ten years that was made during the previous decade. One of the principal reasons, it is said, is because the immigration has fallen off considerably due to the World War. Since the close of war and before the census was taken many foreigners have returned to their native land.

The death of American soldiers during the World Conflict is also responsible in a measure for the smaller percentage of gain. The census bureau believes that the influenza epidemics during the last two years are also responsible to a very considerable degree. Thousands of lives were claimed while this disease raged in all parts of the country.

The increase in population in the United States is thought to be larger than in almost any other country in the world. Recent figures show that Germany has suffered a big loss since ten years ago and the population in France and England is not as dense as it was in 1910. When conditions become more settled and are restored to something like normal there is no question, but that immigration will reach its former high figure and even now some experts believe that the hour has come when

stricter immigration laws should be enacted.

Astronomers at Harvard university tell us that about 200,000 years ago a small star collided with a dark nebula, the friction causing a great conflagration, or flareup. This illumination, according to the astronomers, has been traveling through space toward us at the rate of 186,000 miles a second, and is just beginning to be noted through the most powerful telescopes. Now what are you going to do about it?

Hardly one Democrat in ten can tell you right off the reel who the Democratic candidate for governor of Indiana is, let alone who is running for congress in the Sixth district on the Democratic ticket.

Man Attempts to Fill His Tank From
An Open Bucket Holding a
Lantern to See By

ONLY THE CHASSIS LEFT

Richmond, Ind., June 29.—High waters have often levied heavy tolls from the residents of Happy Hollow in the river valley, and Sunday night West Richmond people thought for a time that the little community was about to be wiped out by a conflagration.

About 8 p. m. a great pillar of fire ascended from the slopes of Newman's Hill, which overlooks Happy Hollow, at a distance it appeared as though a number of houses were burning, but it was only a flaming flivver. The owner, Edward Metzger residing on the Boston Pike, south of Richmond, attempted to fill his gasoline tank while holding a coal oil lantern. Before the fire department could get on the job the only thing left was the chassis.

In climbing the rough road which winds its way about Newman's Hill to the summit, known as Gohler's Knob, Metzger's flivver went on strike. Investigation revealed that the gasoline supply had been exhausted.

Metzger secured two gallons of gasoline in a bucket. So that he could see to pour the gasoline into the tank Metzger held a lantern, and a minute later the fire bells began to ring.

Constipation Causes Serious Ills

If you are its victim, try strengthening your digestive and eliminative organs with Nature's Remedy—it's better than laxatives.

NR Today—Keeps the Doctor Away

One of the world's greatest scientists says that more than 80% of all human ills can be traced directly or indirectly to constipation. How many sufferers realize this?

Most of them continually dose themselves with so-called laxative pills, cathartics and force bowel action. To do that is a mistake. It weakens the bowels and liver and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that constant struggling will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant, easy bowel action. This medicine acts upon the digestive as well as eliminative or-

gans—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out.

And NR does this without a sign of griping, pain or unpleasantness. It works gently, but promptly and thoroughly. In a few days you notice the real result. You begin to feel that you are living again, with new strength, new energy, vim and pep and ginger. You soon find your bowels acting regularly without help. Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only one far box, containing enough to last twenty-five days. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your druggist.

AMERICAN LEGION TO PICK STATE OFFICERS

Several Candidates Are in The Field For Offices in the Indiana Department of American Legion

FOUR MEN ARE MENTIONED

didates were in the field for offices Vincennes, June 29—Several candidates in the Indiana department of the American Legion as that body opened the second day of its state convention here today. The election will be held this afternoon.

Four men most prominently mentioned in connection with the post of state commander were: Col. L. R. Gignilliat, commander of Oliver Military Academy; William Betz of Vincennes; Morris Levi of Evansville; present vice-commander of the first district and Itham Beers of Peru.

Beers was the candidate most in number-unprecedentedly recently introduced into the field. Another important task before the meeting this afternoon was the choosing of a 1921 convention city. There was a hot fight between the chief contenders among whom were the delegations from Evansville, Gary and Wabash.

RED WEAVER FOUND IN MANY FIELDS IN STATE

Infects Grain and Damage is Done by a Pink Maggot Which Feeds on the Forming Kernel

NO RELIEF IS IN SIGHT

Indianapolis, June 29—Wheat midge or "red weaver" as it is more commonly known, is in many wheat fields according to Frank N. Wallace state entomologist of the department of conservation.

Infected oats, wheat and rye have turned a pinkish tinge as a result of its presence.

The damage is done by the pink maggot, which feeds on the forming kernel.

When the maggot has matured it falls to the ground where it spins a delicate cocoon and remains there until the following spring when the tiny knut like adult comes out ready to lay its eggs again.

The only thing that can be done to prevent this is the burning over of the stubble in the fall, Wallace said.

DESCRIBES CHILD WELFARE SPECIAL

**Motorized Child Welfare Station is
One Way of Giving the Country
Child a Square Deal**

VISITED 5 RURAL COUNTIES

**Aim of The Child Welfare Special
Was in all Cases Educational and
Not Clinical**

One way of giving the country child a square deal is described in a pamphlet on "The Child Welfare Special" issued today by the Children's Bureau of the U. S. Department of Labor. The Child Welfare Special is a motorized child welfare station which was put into the field last summer for the purpose of telling mothers of children in rural districts all the things that mothers of city children learn at the city child health centers. The Special has visited 5 rural counties, none of which contained more than one town of over 2500 inhabitants. Four of these were agricultural counties and one was in a mining section. The aim of the Child Welfare Special was in all cases educational and not clinical.

The Special is admirably fitted for rural journeying as for demonstration work. It carries one box containing a tent, 3 cots and a supply of army blankets for the use of the staff when it is necessary to camp out; another for household utensils; a third for tools and electric wiring all so placed as to take up a minimum of space. The car is well lighted during the day by its four windows, and carries its own electric lighting and heating system. A 15 gallon tank placed about the chauffeur's seat provides an excellent water supply.

The car has a stationary washstand, comfortable stools for mothers with babies a table for the examination of children, and considerable drawer space for materials, supplies of pamphlets, etc., and for the filing of records. So ingenious and complete are the arrangements that they would do credit, says the report, to many a city child-welfare station.

It was found that rural, no less than town bred, children present numerous and serious physical defects in spite of the advantages which country life is supposed to offer. Decayed teeth and poorly developed bones were the most prevalent defects, though malnutrition was common. Milk and vegetables, indispensable foods for children, even when abundant, frequently formed only a small part of the diet, or did not enter into it at all. The food of many children in rural communities was found to be badly chosen, poorly prepared and given at unsuitable hours.

The pamphlet discusses in detail the equipment, personnel, methods of work, cost, and advantages and disadvantages of the Special, and contains a number of cuts illustrating the work in progress. It concludes that "an impetus to permanent welfare work was given more promptly, more thoroughly and effectively by means of a motorized activity than would have been possible by more conventional methods."

WE'RE ready for the Glorious Fourth. Are you? Come in and let us give you an Independence Day musical program—a vivid suggestion of how to make the Fourth a day of finer meaning in your home. We'll send a New Edison to your home—together with a fine group of patriotic selections.

The NEW EDISON
"The Phonograph with a Soul"

Our Budget Plan will turn your "fireworks" money into a first payment. It will make similar economies provide the balance. It's a systematic thrift idea.

Why throw your money into the air on the Fourth? Isn't it a finer patriotism, a bigger family policy, to spend it on music—good music? What's a Fourth without music?

The thrill in these grand, old airs of the Republic! The exultation! The memories! The ringing pledge!

All these and more—have been given life by the searing art and the fervid hearts of great artists!

All these and more are RE-CREATED for you by the marvelous realism of the New Edison.

The perfect realism of the New Edison was proved again in an astonishing test made March 10, 1920, at Carnegie Hall, New York City. Anna Case, world-famed soprano, matched her voice directly against its RE-CREATION by the New Edison. During the test, the lights went out. The audience, in the darkness, could not tell whether Anna Case was singing or whether the New Edison was RE-CREATING her voice.

You can experience the New Edison's supreme realism for yourself. Come in and let us give you Mr. Edison's Realism Test.

NATIONAL DAIRY SHOW IN CHICAGO OCT. 7-16

**Success of Co-operation in Dairying
Industry to be Shown by the
Department of Agriculture**

TO SHOW MODEL CREAMERIES

(By United Press.)
Washington, June 29.—The success of co-operation in the dairying industry will be shown in an exhibit at the National Dairy Show in Chicago October 7-16, by the Department of Agriculture.

The value to the community of co-operation of the various local agencies will be pointed out in a comparison with individual dairying without coordination of banks, transportation lines and manufacturers.

Model creameries turning out millions of pounds of butter, cheese and condensed milk from by-products such as skimmed milk at reasonable prices will form part of the exhibit, it was announced.

A portion of the model community at Grove City, Pa., built under supervision of the department will be reproduced as an example of what may be accomplished.

Special methods of manufacturing various kinds of cheese heretofore obtained from Europe regarded as superior to the foreign brands will be given. A miniature factory will operate at the fair and serve sandwiches spread with Swiss and Roquefort cheese "made in America."

A Laundry Service Within Every Woman's Means

It is here for you in this Family Service we offer. What is most disagreeable on washday? Isn't it the mussiness of wash water; the steam of boilers and tubs, the lifting and hauling? And it's of that we relieve you—at a cost truly moderate.

We take your family bundle, wash it sweetly clean in soothingly soft waters and billowy, glistening suds; and rinse it many times in more water sparklingly pure.

Next we daintily iron the flat pieces; the things like bath towels we dry softly and fluffily—they need no ironing; the other pieces that require it we starch and make ready for you to iron in your home.

In a word, we do all the toilsome, mussy work of washday, and leave for you only the milder, pleasanter task of ironing the lighter pieces.

It's truly economical service within the means of every woman—we're sure you'll like it immensely.

Telephone, we'll welcome an opportunity to tell you more about it.
